Offers the best value in Photo Supplies... Colortac Dry Mount Tissue and Dry-Lam Release Paper

Professionals all over the country use Dry-Lam's Colortac Dry Mount Tissue and Release Paper to finish their projects. They recognize the great combination of performance and value. From 5"x7" to 16"x20", Dry-Lam covers all the possibilities.

Colortac Dry Mount Tissue

- Excellent all-purpose tissue that works great with RC or fiber-based prints
- Its very low activating temperature of 165° is ideal for items sensitive to heat
- A perfect match for inkjet media where high heat is not possible
- A proven winner with substrates such as cardboard and foam
- Creates a strong bond as it cools
- Easy to use since the bond can be removed by re-heating the item to 200°

Dry-Lam Release Paper

- The best value in release paper you can find!
- Protects as well or better than the more expensive brands
- Available in 26", 34", 42", and 50" rolls

Don't forget the best value is buying Colortac Dry Mount Tissue in bulk!
