

SircleTrim® FBT-40 40" Foam Board Trimmer

The SircleTrim FBT-40 is a foam board trimmer designed with flexibility and efficiency in mind. The FBT-40 has the capability of cutting media up to 40" in length and 10mm in thickness--this includes, but is not limited to, PVC foam board, corrugated plastics, vinyl and plastic films and cardboard. This portable unit is superiorly engineered with full length silicon rubber strips strategically placed on the base of the cutter to prevent slippage, self adjusting hinges and blade depth adjustments to accommodate various thicknesses in media and a rear loading blade holder to provide for a safe and effective cut.
